Dozens of art enthusiasts filled the galleries to view recent masterpieces of local artists ranging from oil, water color, photography and sculpture during "Art of Music/The Music of Art" presented by Marco Island Center for the Arts during their 2nd Tuesday Gallery Opening, Jan. 8. Art lovers of all types were in awe over the new exhibition titled "Blur," by internationally renowned artist Rita Blitt. Blitt's inspiration for this recent collection is inspired by the music of Lancing McLoskey, who was present at this evening's showing. McLoskey is an award-winning composer from the American Academy of Arts and Letters in New York City where he recently was awarded the prestigious 2011 Goddard Lieberman Fellowship among many other accomplishments.
