Instant Stardom

There were stars in the eyes of 800 sixth- and eighth-graders in the Rockaway Township schools yesterday — each of the 800 will be enscribing his or her name for posterity. Above, Lori

Yawger, Katherine D. Malone School, takes a turn engraving her name on one of the eight-inch stainless steel stars that will be part of a 17x9-foot flag sculpture to be installed in Au-

gust at the Rockaway Town Square Mall. Principal Irwin Fidel and sculptor Rita Blitt observe. The flag is one of three sculptures created by Ms. Blitt for the new new mall.
